Pattern Solutions**

**More Math Patterns By Carol Ann Goldstein  
Demo**

**Pattern 1**

**Fill in the blanks**

**Note: The pattern is the same going across and down.**

|   |   |    |    |    |
|---|---|----|----|----|
|   |   | 7  |    |    |
|   |   | 9  |    |    |
| 7 | 9 | 13 | 19 | 27 |
|   |   | 19 |    |    |
|   |   | 27 |    |    |

**More Math Patterns By Carol Ann Goldstein  
Demo**

**Pattern 2**

**Fill in the blanks**

**Note: The pattern is the same going across and down.**

|   |   |    |    |    |
|---|---|----|----|----|
|   |   | 7  |    |    |
|   |   | 9  |    |    |
| 7 | 9 | 13 | 21 | 27 |
|   |   | 21 |    |    |
|   |   | 27 |    |    |

**More Math Patterns By Carol Ann Goldstein  
Demo**

**Pattern 3**

**Fill in the blanks**

**Note: The pattern is the same going across and down.**

|   |    |    |    |    |
|---|----|----|----|----|
|   |    | 9  |    |    |
|   |    | 11 |    |    |
| 9 | 11 | 17 | 21 | 29 |
|   |    | 21 |    |    |
|   |    | 29 |    |    |

## More Math Patterns By Carol Ann Goldstein Demo

### Pattern 1 Solution

For this pattern 2 is added to the first number, 4 is added to the second number, 6 is added to the third number and 8 is added to the fourth number

For example  $1 + 2 = 3$ ,  $3 + 4 = 7$ ,  $7 + 6 = 13$ ,  $13 + 8 = 21$ .  
Note: The pattern is the same going across and down.

|    |    |    |    |    |
|----|----|----|----|----|
| 1  | 3  | 7  | 13 | 21 |
| 3  | 5  | 9  | 15 | 23 |
| 7  | 9  | 13 | 19 | 27 |
| 13 | 15 | 19 | 25 | 33 |
| 21 | 23 | 27 | 33 | 41 |

Demo**

**Pattern 2 Solution**

**For this pattern 2 is added to the first number, 4 is added to the second number, 8 is added to the third number and 6 is added to the fourth number**

**For example  $1 + 2 = 3$ ,  $3 + 4 = 7$ ,  $7 + 8 = 15$ ,  $15 + 6 = 21$ .  
Note: The pattern is the same going across and down.**

|    |    |    |    |    |
|----|----|----|----|----|
| 1  | 3  | 7  | 15 | 21 |
| 3  | 5  | 9  | 17 | 23 |
| 7  | 9  | 13 | 21 | 27 |
| 15 | 17 | 21 | 29 | 35 |
| 21 | 23 | 27 | 35 | 41 |

Demo**

**Pattern 3 Solution**

**For this pattern 2 is added to the first number, 6 is added to the second number, 4 is added to the third number and 8 is added to the fourth number**

**For example  $1 + 2 = 3$ ,  $3 + 6 = 9$ ,  $9 + 4 = 13$ ,  $13 + 8 = 21$ .  
Note: The pattern is the same going across and down.**

|    |    |    |    |    |
|----|----|----|----|----|
| 1  | 3  | 9  | 13 | 21 |
| 3  | 5  | 11 | 15 | 23 |
| 9  | 11 | 17 | 21 | 29 |
| 13 | 15 | 21 | 25 | 33 |
| 21 | 23 | 29 | 33 | 41 |
